

## FRC 3525 Robotics Fundraiser

Surprise! You've been flocked! **Flamingo flocking** is a fundraiser conducted by the Kennedy High School Robotics team (The Nuts and Bolts of Fury), and we have been asked by someone you know to roost our flock on your lawn! Don't worry, the flamingos will have moved from your lawn by tomorrow morning.

Our flock of pink flamingos can gather upon a property of your choice to roost for a night, if you'd like to continue the fundraising chain. We will fit you into the schedule and send a note when the deed is done!
